About Me

I am a dedicated and passionate individual who enjoys exploring new opportunities and embracing challenges. With a keen interest in personal growth, I am always eager to learn and expand my skill set. I value creativity and innovation, and I strive to bring a positive attitude and enthusiasm to everything I do. My interests span a wide range of areas, and I am committed to making a meaningful impact in both my personal and professional life.

Project

Chat Website (Live Messaging Platform) [link](#)

Developed a real-time chat application using a variety of technologies. The platform includes secure user authentication, allowing users to register, log in, and communicate safely. Users can send instant text messages and share photos in live chats. Designed a responsive and user-friendly interface with efficient database management for storing and retrieving messages.

Tic-Tac-Toe Game with AI Opponent [link](#)

Developed an interactive Tic-Tac-Toe game using HTML, CSS, and JavaScript. The game allows users to play against an AI-powered computer opponent that makes strategic moves. Implemented game logic, win/draw detection, score tracking, and a responsive user interface to provide an engaging user experience.

Education

swammi vivekananda unnivercity 2022-2026
computer science & engineering

Higher Secondary (HS) – Kuai High School 2006 - 2008
71%

Madhyamik – Pinglash High School – 61% 2018
